How to request a medication refill:

- If you would like to request a refill of a medication that you are already taking:
 - Hover over the RENEW MEDICATIONS tab at the top of the screen and click Renew Medications.

- Select the doctor's office that prescribes this medication in the "Practice" field.
- Select the medication/s that you want refilled in the "Select Medications" section. If the medication you want refilled is not listed, click the blue link "Select different medications".

Renew Medications

1) Select Your Medical Practice
Select the medical practice that prescribed the medication you wish to renew.

*Practice: Hunterdon Family Medicine at Delaware Val

2) Select Medications
Select the medication you wish to renew.

You currently have no medications selected for renewal, click the Select different medications link to choose the medication(s).

[Select different medications](#) [Print Medications](#)

Check the box next to all medication(s) you would like to have renewed and click the submit button. If you do not see your medication(s) listed, please contact your practice using the secure messaging functionality.

Display any inactive medications that may be available for renewal.

Prescription Name	Dose	Description	Start Date	Stop Date
<input type="checkbox"/> MULTIVITAMIN WITH FLUORIDE	0.25 MG		5/25/2017	
<input type="checkbox"/> PEDI MULTIVIT NO.17 W-FLUORIDE				

-Indicates an inactive medication due to it being expired. This is where the end date of the medication is prior to today's date.
